JABRA STONE2
Bluetooth® Headset
Works with any *Bluetooth*® enabled phone

DATASHEET

The Jabra STONE2 lets you take your calls further, easier.

Talk to the STONE2 - The all new voice control system means you are, finally, truly hands-free. You don't need to even touch the headset to answer or reject a call – you just use your voice. The headset tells you who's calling and you then simply say "Answer" if you want to accept the call and "Ignore" if you don't.

Jabra STONE2 talks to you – Jabra STONE2 will tell you just what you need to know via voice guidance. It talks you through the easy pairing process. It even tells you if your headset is connected and lets you know if your battery is running low.

Extra Power - The Jabra STONE2 puts extra power in the palm of your hand. Its portable charger enables you to charge on the go 4 times. You get 8 full hours of wireless talk time in a charger that slips easily into your pocket.

Advanced sound system - With the Jabra STONE2 everything sounds great. Noise Blackout™ Extreme, Jabra's advanced dual microphone system, eliminates background noise and maintains the natural sound of your voice. The STONE2 also delivers crystal clear streaming of your favorite multimedia – radio, music, podcasts, video, etc.

At ease - You will feel comfortable too. The lightness of the headset, its curved shape and personalised ergo-eargels, will make every conversation a pleasure.

Reasons to choose the Jabra STONE2

- Take calls with your voice
- Stream multimedia from your phone
- Charge on the go

Quick Start Guide

Charging your headset

Place headset in portable charger and charge both items together. The red light on portable charger turns off when fully charged. Headset can be charged 'on the go' by placing it in portable charger.

Pairing the headset with your phone

1. Take the headset out of the charger and the headset will automatically start up in pairing mode. Jabra STONE2 talks you through the process below via Voice Guidance.
2. Set your Bluetooth phone to discover Jabra STONE2
3. Your phone will find Jabra STONE2
4. Press 'Yes' or 'OK' on the phone and confirm with PIN code 0000 (4 zeros) if prompted
5. For later pairing: Turn your headset off manually by long press on Answer/End. Turn it on again – press and hold until the blue light flashes. Follow process from step #2 on.

Turning your headset on and off

When headset is taken out of the portable charger, it is automatically on. When inserted into portable charger, battery goes into deep sleep (off). When your phone rings, you can take the headset out of the portable charger and instantly take a call.

Using your headset

Tap the answer/end button on your headset to answer a call. To end your call, just tap the answer/end button again.

Voice-activated call answering

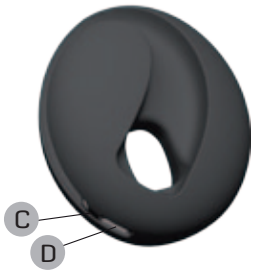
To answer an incoming call hands-free, simply say "Answer" to accept it or "Ignore" to refuse it.

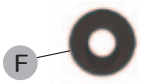
Voice Guidance

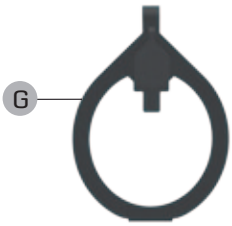
Jabra STONE2 guides you through operating your headset. When receiving a call, STONE2 announces the name of the caller and tells you when you have ended a call. Jabra STONE2 also lets you know when the battery is running low (below 20% left).

Enjoy the wearing style

Place your headset on your right ear and enjoy the ultimate comfort from the snug fit. Jabra STONE2 comes with 3 extra ergo-designed ear gels.







A Answer/end button
Tap to answer/end call

B StatusDisplay™
Shows battery and connection status

C Light indicator on portable charging unit
Shows battery charging status (single red LED) and battery time left (One (<33%), Two (<66%) or Three green (>66%) LEDs)
